Attachment B

Los Angeles Unified School District
TUBERCULOSIS PHYSICIAN/CLINIC FORM

Parents: Complete this form only if you will volunteer one or more times per week in classrooms.

All volunteers must be free of active tuberculosis (TB) before they start volunteering. A TB skin test (Mantoux) is mandatory, as stated in California Health and Safety Code §121545 TB Test School Volunteers. This must be done within six months prior to service. Continuing volunteers with negative skin tests must repeat the Mantoux skin test every four (4) years. Multiple puncture tests are not acceptable. If the Mantoux test is positive, a chest X-ray will be required. Chest X-rays without a history of a previous positive Mantoux cannot be accepted.

Please take this form to a private physician, clinic, or public health agency. If you are unable to pay the fee required by a public health agency, you may request to have the fee waived by the agency. If denied a waiver, you are still responsible for any costs incurred.

For additional questions regarding TB requirements for LAUSD volunteer applicants, contact the LAUSD Nursing Services at (213) 202-7580.

TO BE COMPLETED BY PHYSICIAN/CLINIC:

Patient's Name Date of Birth

THERE IS NO EVIDENCE OF ACTIVE TUBERCULOSIS AS DETERMINED BY:

MANTOUX Skin Test (5 TU PPD)
